The Karndean story

Proudly family-owned. 50 years and counting.

We've been in the flooring business for over 50 years, but our commitment and craftsmanship has always been focused on a single product: beautifully designed luxury vinyl.

Smokey the Great Dane features on the Karndean logo

Building from the ground up

It was 1973 when our founder, Mike Walker, started a small business from his family home. A flooring installer, his goal was to make the products more widely accessible. It wasn't long before he recognised the immense potential of luxury vinyl, which would allow him to create beautifully designed flooring that was also durable and easy to maintain.

Bringing inspiration to life

Mike set out in his van with some samples and his faithful Great Dane, Smokey, to visit customers and carve a niche in the flooring market. He travelled the world for inspiration, seeking to bring the beauty of nature into people's homes by pioneering the strikingly realistic replication of wood and stone – a defining quality of our designs to this day.

The luxury vinyl leader

Today, Karndean Designflooring has more than 500 employees and offices around the globe. But while a lot has changed since 1973, innovation, bold thinking and a trailblazing spirit are embedded in our DNA. We proudly uphold Mike Walker's vision and values, creating beautiful flooring you'll love for a lifetime.

Durable

The elegance of natural material with the resilience of luxury vinyl.

Low maintenance

Easy to clean with no need for sealing, staining or varnishing.

Realistic wood and stone designs

Designed in-house to authentically replicate the look of natural materials.

Hygienic

Keeps dust, dirt, and allergens out - perfect for pets and kids.

Waterproof

No swelling, cracking or warping when wet.

Comfortable underfoot

Softer and warmer than natural wood or stone flooring.

Lifetime warranty*

All our residential floors come with a 35 year warranty.

K-Guard+®

Built-in scuff and stain resistance, no additional treatment needed.

First steps...

Choosing a floor is a big life decision. So we're here to help you make it exciting, not overwhelming. Follow these simple steps to find the perfect floor you'll love for years to come.

Wood, stone or abstract

Love the natural beauty of wood, the classic elegance of a stone, or something a bit more daring? Pick a floor that feels just right for you.

Consider your budget

Each of our ranges is designed with different price points in mind. Turn the page to find the one that fits yours.

Installation formats

Depending on your space and needs, we offer different fitting formats, gluedown and rigid core. Find out more on page 12.

Choose your size and pattern

From classic layouts to striking patterns, the size and pattern you choose can completely change the look and feel of your room (see pages 14 and 15).

Choose your colour

Light and airy or rich and dramatic? Our 'At a glance' pages will guide you to shades that suit your style and space.

Next steps...

Now that you've explored the possibilities, it's time to take the next step toward bringing your vision to life.

Installation formats

We offer two installation options: gluedown and rigid core. Each has its benefits, and we'll help you choose the right one based on your space and needs.

GLUEDOWN

Choose gluedown when...

- You want to create your floor, with different laying patterns, design strips and decorative borders.
- You want to be able to mix stone and wood designs to create a completely bespoke floor.
- You have a completely flat, dry subfloor, prepared by a flooring specialist.
- Available in Art Select, Van Gogh, Knight Tile, Heritage Collection and Kaleidoscope.

- Individually replaceable
- Design capabilities
- No expansion gap required
- Individual glued down planks

RIGID CORE

Choose rigid core when...

- You want superior acoustics, such as in loft conversions or upstairs rooms.
- You want a quick installation.
- You want to install over an existing floor such as ceramic tiles, floorboard, or uneven subfloor.
- You have a damp subfloor, sometimes found in new builds or extensions.
- Available in Van Gogh and Knight Tile.

- 5G® or 2G™ click-locking mechanism
- Reduces noise transfer
- Quick and easy to install
- Installs over most existing hard floors

Plank & tile sizes

We have a variety of plank and tile sizes to suit every space. Whether you're looking for a bold spacious look or a more intricate, detailed design, we've got options to fit your style.

Look out for this symbol throughout the brochure to show which sizes are available.

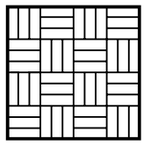

Laying patterns

There are endless ways to lay your floor, each offering a unique look. Here's a guide to show you the different patterns you can choose from to make your space truly your own.

Our inspiration

Drawing inspiration from a 400-year-old holm oak in the Basque country of Northern Spain, our Serrano Oak design is brought to life. Through the use of light scraping and brushing techniques, our designers have created a distinctive look, enhanced by a darker base layer for a rich and luxurious feel. The original wood was carefully lime-treated to highlight its beautiful flowery grain and linear patterns and hand-etched to replicate the wood grain in the natural material. Available in a 56" x 9" plank and a large format 28" x 4.5" herringbone to showcase the elegance of the design.

Our inspiration

Originally quarried in 19th century Italy, this bluey-grey ornamental stone was only sold locally for houses. “Ceppo” translates to ‘rock with pebbles’, the main aesthetic feature of this design which forms naturally from a mixture of fragmented stones, leaning to the very high end of beautiful and highly aspirational terrazzo styles. Modern architects have recognised its appeal and versatility and it is now seen as a modern material for interiors.

Our inspiration

Inspired by the artistic techniques of traditional Moroccan and medieval Spanish architecture, these tiles feature a non-uniform, patchwork arrangement that incorporates a stylish combination of geometric forms, curves and crests. This creative design is available in two subtle yet striking colourways, offering a modern interpretation of these iconic patterns.

Cubix, Pyramid & Tripoint

These three designs showcase bold geometric patterns that blend modern artistry with architectural precision. From tessellated squares to dynamic angles and harmonious intersections, they bring depth, movement, and contemporary sophistication to any space.

Our inspiration

Found in the Apuan Mountains in Italy, Calacatta and Carrara marble are currently a dominant style in stone and interior finishes. Typically having a neutral, broken veining and a bright look, both offer an impressive and distinctive style which can be adapted to both classic and contemporary interiors. Our product designers have taken their inspiration from these ancient roman quarries to create our classic marble design available in a 12" x 18" tile.

Our inspiration

The marvellous rusticity and rotary saw markings of this salvaged American timber create an unmistakably unique floor with unlimited potential. The heavy tonal shifts within this product, created by an elongated period of dehydration, have been enhanced by layers of natural, hand-applied finishing oils. These oils strengthen the underlying brunette tones that allow the vibrancy of the sawn features to become more pronounced. The final bright sandy colours, deep browns, blue hues and dark greys beautifully illuminate these expressive grain structures in high definition.

Caring for your floor

Karndean flooring is designed to be hardwearing and easy to care for. Our durable K-Guard+® surface treatment helps protect against everyday wear, spills, and scuffs, making maintenance simple. With just regular cleaning and a few easy care tips, you can enjoy the peace of mind that your Karndean floor will stay looking beautiful for years to come.

Clean

Perfect for everyday cleaning with its pH-neutral formula.

Remove

Effectively removes stains and excess dirt.

Refresh

Provides extra protection for your flooring as it ages.

Get your complete Floor Kit or individual solutions within the Karndean website or a Karndean retailer.

Smart care tips for long-lasting floors

- Use a damp mop, not steam
- Choose non-rubber mats
- Use felt protective pads under furniture
- Go for a gentle PH-Neutral floor cleaner
- A deep clean every 6-12 months with Remove and Refresh Karndean Floor cleaners

Install with confidence

You've just purchased or are about to purchase a Karndean floor. To ensure a smooth and successful installation, please follow these important guidelines. They are essential not only for achieving the best possible result but also to make sure your floor is fully covered under our warranty.

Where you can use it?

- Great for kitchens, bathrooms, laundry/utility rooms.
- Suitable for both homes and commercial spaces.
- Not suitable outdoors or in rooms with standing water.

Before installation

Prepare the room

Complete all other work first (e.g. painting, plumbing).

Maintain room temperature between 18–27°C (65–85°F).

Keep flooring out of direct sunlight before, during and after installation.

Acclimate the flooring

Remove packaging and leave flat for 24 hrs.

Check materials

Inspect all planks or tiles for colour, quality, and defects before installation.

Any issues? Contact your retailer before fitting.

Subfloor matters

For gluedown, your subfloor must be:

Firm • Level • Smooth • Dry • Clean

Check moisture:

Gluedown: Moisture must be below 75% RH (or per local standard).

Rigid Core: Moisture must be below 95% RH.

Remove or fix:

Carpets, soft flooring, and loose tiles.

Uneven areas or high points.

Adhesives containing asbestos—consult a professional.

Underfloor heating:

Allowed with all Karndean flooring, if surface stays below 27°C (85°F).

Follow the heating system manufacturer's guidance.

Installing your floor

Shuffle the planks

To achieve a more natural look, shuffle planks or tiles from multiple boxes before starting.

Installing it yourself?

Scan below to follow our step-by-step instructions, or speak to your retailer for expert advice.

Top tips for laying it right

- **Prep your subfloor** – clean, dry, flat, and solid
- **No carpet or soft floors** underneath
- **Dry areas only** – no constant moisture
- **Leave expansion gaps** (Rigid Core)
- **Use approved adhesive** (Gluedown)
- **Check every plank** – right colour, batch, and no damage

Nod to nostalgia

Clash & layer patterns
Mix bold, nostalgic prints across wallpaper, textiles, and furniture for a playful maximalist effect.

Reimagine florals
Use vintage-inspired florals on unexpected surfaces like tiles and hard furnishings.

Add handmade touches
Incorporate hand-drawn or artisanal motifs—partner with illustrators or encourage DIY stencil use.

Fuse past with present
Rework archive prints in new scales or colourways to blend historical charm with modern design.

Tell a story
Use heirloom-inspired pieces and historical references to evoke memory, warmth, and connection.

Restorative design

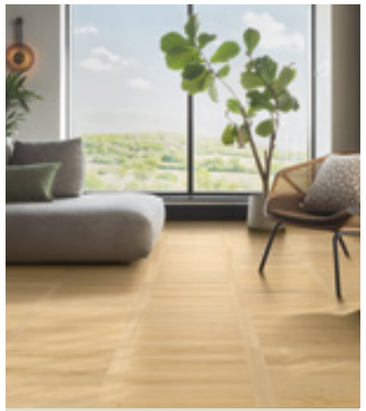

Prioritise plump & soothing shapes
Use pillowy forms and rounded silhouettes to enhance physical and visual comfort.

Focus on sensorial calm
Integrate sound-softening features and tactile finishes like curves and textured materials.

Bring nature in
Use natural materials and botanical motifs to connect with nature and improve indoor air quality.

Curate mindful colour palettes
Embrace warm browns, soft pinks, and gentle greens to evoke wellness beyond basic neutrals.

Design for sanctuary
Promote interiors that support rest, reflection, and wellbeing through intentional, comforting elements.

Organic minimalist

Embrace Japandi & Zen influences
Prioritise clean lines, balance, and tranquillity with Japanese-inspired forms and layouts.

Elevate with low-key luxury
Combine natural materials with refined finishes and touches of luxe (e.g., bronze) for a faux-organic feel.

Keep it simple & natural
Let organic shapes, raw textures, and minimalist silhouettes take centre stage.

Use warm, grounded neutrals
Stick to pared-back tones—natural whites, soft blacks, terracotta, and linen-inspired hues.

Add cultural symbolism with care
Introduce subtle folk or talisman-inspired details to create a mindful, handcrafted aesthetic.

Fun-ctional everyday

Play with personalised colour
Encourage mix-and-match modular designs that let users customise colour combos for joyful, low-cost personalisation.

Elevate with bold hardware
Use statement knobs, handles, and fixtures as easy, affordable upgrades—think #JewelleryForTheHome.

Go tactile & glossy
Combine vibrant hues with playful finishes like powder coating, gloss, or soft-touch surfaces.

Add playful forms
Soften industrial shapes with curves, scalloped edges, or rounded corners for a "FUNdustrial" feel.

Design for everyday joy
Infuse function-first items with small, joyful details to spark delight in daily routines.

Artisanal farmhouse

Blend rustic with refined
Evolve the classic farmhouse look with touches of Shaker, boho, and woodcraft influence.

Celebrate wood in all forms
Use painted, stained, or charred finishes like sugi-ban alongside natural grain textures for depth.

Use understated details
Feature subtle elements like bobbin legs, scalloped shelf brackets, or crafted lamp bases to add quiet charm.

Champion handmade craftsmanship
Highlight artisanal techniques and collaborate with local or specialist makers to bring authenticity and uniqueness.

Design for everyday functionality
Focus on honest, well-made pieces that balance practicality with timeless, discreet beauty.

Siobhan Murphy's maximalist living room

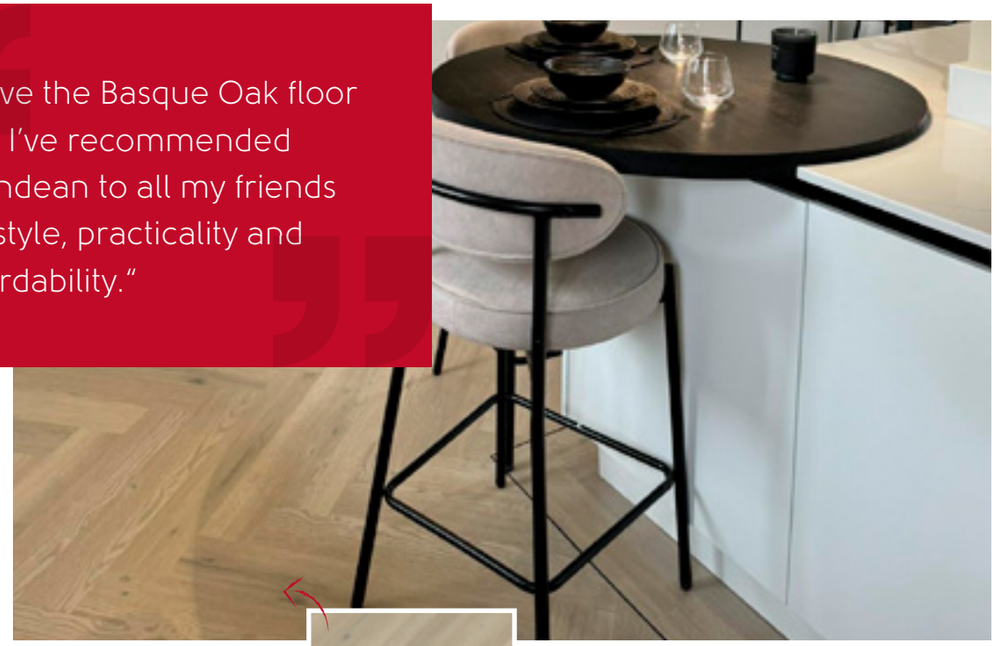

Interior designer and TV presenter Siobhan Murphy has infused her 1930s Art Deco home in Castleford, West Yorkshire, with her signature maximalist style. To complement the home's bold patterns and vibrant colours, she selected Karndean's Calacatta d'Oro luxury vinyl flooring. This choice offers the opulent appearance of natural marble, featuring distinctive veining and a luminous finish, while providing the practical benefits of durability and easy maintenance. The flooring's elegance enhances the home's eclectic interiors, marrying classic Art Deco elements with contemporary flair. Siobhan's selection demonstrates how high-performance materials can deliver both aesthetic appeal and functionality, creating a stylish yet livable space.

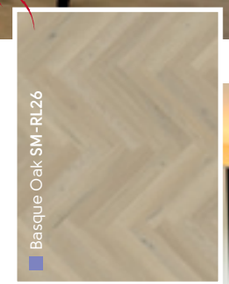

"Karndean is so authentic that it's impossible to tell the difference, which is lovely as it's great to add back original character using a modern material."

"I love the Basque Oak floor and I've recommended Karndean to all my friends for style, practicality and affordability."

Stephanie Waring's modern kitchen

Actress Stephanie Waring collaborated with interior designer Lisa Hensby to transform her home into a serene retreat that complements her busy lifestyle. Central to this transformation was the selection of Karndean's Basque Oak flooring in a herringbone pattern. Inspired by 400-year-old Holm Oak from Spain's Basque region, this flooring features muted dark knots and a milky wash, offering a tranquil, light-neutral tone. Its authentic wood grain and lightly brushed texture add warmth and sophistication, while its durable, low-maintenance nature suits a modern family home. The herringbone layout enhances visual interest and ensures a cohesive flow throughout the living spaces, marrying timeless design with everyday practicality.

"It's the perfect combination of the aesthetic I wanted and the convenience we need. The result is a realistic floor that's really forgiving and so easy to keep clean."

Beth Sandland's farmhouse bedroom

Lifestyle blogger Beth Sandland has styled her Cotswold home with a modern country look, blending timeless charm with practical choices. Drawing on traditional English interiors, she uses neutral tones, natural textures, and vintage elements to create a warm, inviting feel. With two young children and a dog, Beth prioritises durability and ease of maintenance.

For her bedroom, she chose Karndean's Knight Tile Washed Character Oak, inspired by reclaimed Amsterdam sawmill planks. Its muted taupe tones, rustic grain, and authentic character complement her aesthetic while offering long-lasting performance—proving a stylish home can still suit busy family life.

Emma's Edwardian forever home

When Emma Bowman, together with her husband James, daughters Darcey and Phoebe, and their pets, bought their Edwardian home in Bath two years ago, they knew they had a major project on their hands.

From restoring original features and structural alterations to create a more family friendly layout to sympathetic decoration that both reflects the Bowman family's lifestyle and respects the Edwardian grandeur of the house, their forever home has been a labour of love.

A calming neutral colour scheme in soft creams, warm browns and gentle greens runs throughout the house, with additional feature walls in period wallpaper, interesting textures and mini 'vignette' display nooks.

"For me, it's the details that make the house our home. From things like the pot filler to the wall-mounted wine rack."

It's a new day

And we're ready to create a better tomorrow!

It's a continuing journey, and there are no shortcuts. But we know now is the time for everyone to begin taking bigger steps. Ours is a promise to think differently, act decisively, and create real change.

It's a promise to Evolve.

Five decades ago, our family-owned business was founded on innovation, bold action and a pioneering spirit. Fifty years later, these same ideals guide us forward. Because the future demands change.

It's time to create a better tomorrow.

Confront climate change

Our products prioritise sustainability through remarkable longevity, with a guaranteed service life of 35 years for residential use. This extended durability has a significant positive environmental impact over time, promoting a more eco-friendly future.

Health & wellbeing

Our products prioritise wellbeing, surpassing mere aesthetics. Free from harmful substances like heavy metals and unsafe phthalates, they're certified for indoor air quality post-installation. Our dedication to healthy interiors extends to using water-based or solvent-free adhesives, minimizing VOC emissions. Your health and comfort are central to our designs.

Sustainable use of resources

We prioritise the use of recycled materials in our products, with all of them incorporating up to 50% recycled PVC in their backing layers, sourced from post-production waste. We validate our contribution to reducing landfill and promoting recycling.

Inclusion & diversity

We prioritise equity, inclusivity, and diversity, fostering them through engagement and education. In our workplace, we celebrate everyone's contributions as responsible corporate citizens. These values influence our environmental policies, responsible sourcing/trading, and contributions to communities. Our founder's principles still shape our commitment to responsible operations.

Supply chain transparency

Third-party certifications for environmental and social responsibility, including fair treatment and safe conditions for workers. Our factories prioritise recycled materials and recyclability, to eco-friendly product packaging, setting the benchmark for environmental responsibility. Certified manufacturing adhering to ISO 14001 and ISO 9001 standards.

Education

We educate employees about the importance of sustainability, helping them understand what role they play and devise new ways of working. By conducting CPD classes, we actively contribute to the training of professionals in the design, construction, and built industries.

Colour and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world. Just as variation in colour and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid.
